

Downtown Napa at the Oxbow Commons
Saturday, April 23, 2016
11am – 4pm

EXHIBITOR CRITERIA & CONDUCT

The Environmental Education Coalition of Napa County (EECNC) hosts this annual event to connect people to local organizations and individuals who provide earth-friendly, creative pathways towards a sustainable future for generations to come.

Earth Day is a time to honor and celebrate this planet that we all share. Earth Day Napa brings our community together for a festive and informative afternoon designed to build awareness and inspire change.

We invite vendors and exhibitors to participate in Earth Day Napa who's purpose or product represents themes such as conservation, stewardship, waste reduction, water conservation, nature, wildlife, environmental education, indigenous people, health, fitness, and similarly related subjects.

We request that each vendor and exhibitor voluntarily commit to the following criteria:

- You offer an interactive activity station for attendees that relates to sustainability, environmental improvement, and celebration of Earth and community
- Your station does not create disposable or single-use waste or litter (please be mindful of handouts and items with wrappers that are easily dropped)
- Your station has a strong connection to the above-mentioned themes
- Your station be accessible to individuals with disabilities

As a participating vendor/exhibitor, it is up to you to hold yourself accountable to this standard and honor the spirit and ethic of Earth Day and environmental education.

I commit to providing an inclusive, interactive, and accessible station that supports community environmental stewardship.
